

Title: Staff Ecologist/Environmental Scientist

Firm: Cox|McLain Environmental Consulting, Inc. (CMEC)

Location: Irving, Texas or Tulsa, Oklahoma

Job Description: CMEC is seeking a qualified, energetic, self-motivated, and resourceful ecologist or environmental scientist to join our team. Position would preferably be in our Irving, Texas or Tulsa, Oklahoma office. Duties may include planning, implementing, and personally conducting biological surveys (for migratory birds and threatened/endangered species) and habitat assessments, vegetative assessments (knowledge of Texas or Oklahoma, depending on office location, species a must), performing wetland delineations, tree surveys, stormwater/SWPPP inspections, Phase I Environmental Site Assessment preparation, client and resource agency coordination, and preparation of environmental documents (primarily technical reports and environmental assessments for USACE, TPWD, TxDOT, ODOT, and USFWS review) for projects throughout the region. Job may include travel and physical work in rough terrain, inclement weather, exposure to wild animals, etc. Compensation will include a competitive salary and benefits package (health, vacation, profit sharing, etc.).

Qualifications: Successful applicants will possess a BS or MS/Mag in wildlife biology, rangeland ecology, environmental science, forestry or a closely related natural resource field, and at least 1 year of relevant/consulting experience (2-5 years preferred). Also required is an overall dedication to excellence; strong writing skills; a strong work ethic with a demonstrated ability to work independently; and solid field skills including the ability to navigate in difficult terrain using aerial maps. Familiarity with GPS data collection, a broad range of ecological communities, environmental regulatory compliance, and prior consulting experience is preferred. A valid driver's license is required. Bilingual (Spanish) is a plus.
